VDH-NK200BE 5M

8CH Digital Video Recorder

H.265	**Linux**	**Multi Function**	**Motion**	**Users**	**LAN**	**DC 48~52V**
Remote	**CMS**	**Mouse**	**USB**	**SATA**	**P.O.E**	
> Apply high end NVR dedicate SOC CPU processor , excellent image processing efficiency.

> Support 2 SATA/SATA II hard disks, Max. 10TB each.

> H.265 Linux-based embedded standalone NVR, save storage and provides higher image quality.

> Embedded Linux system, effective avoid viruses and hackers

> Support 8CH IP Camera (1080P) (5MP) Surveillance video.

> Support 5MP IP Camera live monitoring

> Support HD video output

> USB flozzy disk support for external storage

> 3 user login in support for real-time monitoring function by client software or browser at same time.

> Plug and play FUHO IP cam without setting

> P2P function, scan QR-Code on the smartphone app to get instant monitoring and playback, and increasing information security.

> Auto support for better user experience

> CMS support for Effectively integrate device management operations

> POE Switch support (8 channel)

| SPECIFICATIONS

System- SoC : Linux SoC operation system:Linux

Storage- Built-in SATA interface x2, compatible
with SATA/SATAII/SATAIII Hard disk(Max. 10TB)

**Video And Other
I/O Interface-**
(1) Dual video output : HD/VGA output

(2) USB 2.0 x2 – connect with usb mouse and flozzy disk

(3) Auto-MDIX. Ethernet x1- 10/100/ 1000
(IEEE 802.3 Type 10Base-T、IEEE 802.3u Type 100Base-TX);
Auto-MDIX

Network Protocol- Ipv4 / ARP / TCP / UDP / ICMP / SMTP / HTTP / RTP /
RTSP / RTCP

Video Format- Support H.265 compression format

Live / Playback-
(1) VGA at 30 FPS mode, capable monitoring Max.8
channel real-time video.

(2) 2.5 MP at 15 FPS or 1080P at 30 FPS mode capable,
pmotoring 1 channel real time video

(3) Video playback support 1 channel 5MP at 15 FPS or
1080P at 30 FPS, 8CH VGA at 30 FPS

(4) The real-time monitor screen support channel switch
display—the single channel switch, group channel switch

(5) Record files playback can search by time and event.
(IPCam monition)

(6) Playback speed : Slow motion/fast motion multi-playback
speed, single image format(forward or backward)

(7) Capable doing multi-works as real-time monitoring,
recording and playback at same time

Specifications are subject to change without prior notice.

| SPECIFICATIONS

Event Notification- Event report content: Camera displacement detection, camera monition, hard disk damage.

Recording Mode- Constant recording

Schedule recording

Motion Detection recording

Backup Management- Backup output video format: MP4

USB flash drive removable storage device

System Management- (1) Provide remote Client software, capable doing PC setting, real-time monitor and playback.

(2) Hierarchical user right management, can setting user access rights or administrator, max.10 groups account.

(3) Support 3 user login in and use real-time monitoring function by client software or browser at same time

(4) MS IE11 Browser: Support MS IE11

Device Support- Support megapixel IP Camera monitor images

Power- DV48~52V / 2.5A

Operating Temperature- 0-45 ℃

Net weight- About 2.8KG

Dimension- 430mm x 314mm x 53mm (W x D x H)

Note: POE support max 120W

Specifications are subject to change without prior notice.
