

# VIA-PC200

## 16/36/64CH Network Video Recorder

- › Adopt new generation Core i7 13700 Quad-core CPU to provide best image processing efficiency.
- › Support 5 units of 3.5 in. 3T HDD in box, can support up to 9 units of 3.5 in. HDD with extension card.
- › New H.264 compression technology to effectively save the storing space.
- › Embedded Linux system to prevent from malicious Trojan or virus.
- › Support up to 16/36/64 IP cameras and PTZ feature.
- › Support HD OUT & USB 2.0.
- › Smart multi-stream display technology to improve the system efficiency and display quality.(sub-stream while in split-screen display and main stream when in single/quad screen display).

## | Hardware Specification

---

**Processor-** Intel® Core™ CPU Core i7 13700

**Memory-** DDR4 3200 16GB

**HDD Capacity-** Support 5 units of 3.5 in 3T HDD in box

**Hard Disk-** Could be applied according to the stat slot built into the mainboard, or by adding PCIE expansion cards to increase the number of hard disks. Supports a maximum reading of up to 16TB, each.

**LAN Port-** Gigabit RJ-45 Port

---

**LED Indicators-** Power button

**USB-** 2x USB 3.0  
4x USB 2.0

**Alarm Buzzer-** System warning

**Power supply-** Input: 100-240V AC,50/60Hz, Output: 520W

**Video Output-** 1 x HD OUT, 1 x VGA D-Sub, 1 x DVI-D

**Support Channel-** 16CH / 36CH / 64CH

**Weight / Dimension-** 14Kg / 430x178x610mm

**Operating Environments-** Temperature: 0 ~ 40 °C, Humidity: 90%

---

<b>Supported Camera Models-</b>	Support VIT/ VIH/ VIN/ VIG series IP cameras , and VDH-412VS.
<b>Number of Channels Supported(Recording)-</b>	Up to 64
<b>Recording Mode-</b>	Continuous/ manual/ schedule recording Alarm recording/ multiple alarm recording schedules
<b>Buffer Storage for Alarm Images- (before and after events)</b>	Pre-recording: Up to 300 sec Post-recording: Up to 300 sec
<b>Recording Performance-</b>	Up to 30 fps at 720P or 23fps at 1080P for each channel * Real performance may vary in different environment
<hr/>	
<b>Display Mode-</b>	Split-screen display model for 1, 4, 9, 16, 25,36 or 64 channels, auto channel touring.
<b>Local Monitoring Enhancement-</b>	Full screen display, event notification, PTZ control, digital zoom
<b>Local Playback-</b>	Max 9 split playback from multiple NVR servers simultaneously.
<b>Search Mode for Local Playback-</b>	By date & time
<b>Playback Control-</b>	Play, pause, stop, reverse play, next/ previous video file, different,speed control
<b>Export-</b>	Convert multiple recording files to the external USB device instantly.
<b>Display Mode-</b>	Split-screen display model for 1, 4, 9, 16, 25, 36, 49 or 64 channels.
<b>Video Setting-</b>	Resolution, Quality, Frame Rate
<b>Playback Channel-</b>	Max 4-view playback from multiple NVR servers simultaneously on IE
<b>Search Mode-</b>	By date & time
