VIN-UJ708HE-FB 1080P

AI Humanoid Detection Webcam

(Optional)

- 2MP 1/2.8" CMOS Image Sensor with excellent image quality
- Low-Noise Omnidirectional Audio Pickup, and optional speaker for to two-way communication.
- AI intelligent humanoid detection function replaces the traditional displacement detection system.
- Real-time H.265+, H.264, MJPEG compression (Dual codec)
- Maximum resolution 1920x1080 at 30 fps
- 8 High Power IR LEDS, IR Range 30 M
- Support the ONVIF international standard, best compatibility and integration

SPECIFICATIONS

System-	Flash：128MB
	RAM：128MB
Image Sensor-	FullHD High Quality 1/2.8" CMOS Image Sensor
Lens-	3.6 mm
IR-cut-	Built-in Magnetic Infrared Filter Switch
Low Lux-	0 Lux (IR ON)
IR LEDs-	High Power IR LEDS X 8

Image Quality-	H.265/H.264: 1920x1080 at 30 fps
	H.265/H.264: 640x480 at 30 fps
	H.265+、H.264、JPEG Multi-mode compression (Dual Codec)
	Support simultaneous multiple streams
Image Adjustment-	Adjustable image size, quality, and bit rate
	Time/Date stamp and text caption overlay
	Adjustable brightness, contrast, saturation, and sharpness
	Support AGC、AWB、AES、BLC、WDR Features
Audio output-	2W Speaker (Optional)-
Electronic Shutter-	1/2 ~ 1/100,000 Sec
Network Interface-	10/100 Mbps Ethernet, RJ-45
Communication Protocol-	IPv4、TCP/IP、DHCP、HTTP、RTSP、SNTP、DNS
Browser-	Microsoft Internet Explorer 6.0 or above
	Safari, Chrome or Firefox
Alarm and Event Management-	Human Detection Alarm
	(Alarm Zone setting and Intrusion Alarm setting)
	Notify via email or upload files to FTP

Version updating is not going to inform, please check the on-going updating information

SPECIFICATIONS

Users-	8 clients online monitoring simultaneously
	Multi-level user access control with password protection
Maintenance-	Supports FOTA
I/O-	RJ-45 network port, power input port DC12V
Power-	DC12V or PoE IEEE802.3af Class 0
Max. Power Consumption-	3.6W(IR OFF), 10W(IR ON)
Weight-	Net weight: 670 g
Dimension-	262mm x 91mm x 83mm
Operating Temperature-	-20℃ ~ 45℃

Version updating is not going to inform, please check the on-going updating information
